

PHAEDON VALASIADIS

JUNIOR FULL-STACK WEB DEVELOPER

WHO AM I?

I have a general passion in technology and I would like to learn more about Cyber Security! My past experience is irrelevant to coding as I have worked as a bartender for many years and a bar owner as well. Because of my passion and thanks to Le Wagon I hope now to shift my career towards web development!

CODING STUDIES

LE WAGON FULL-STACK CODING BOOTCAMP

06/04/2020 - 05/06/2020

Le Wagon is a 9-weeks intensive coding bootcamp, focused on web development! In these two months I learned:

- ✓ Back-end programming in Ruby
- ✓ Ruby on Rails framework (MVC pattern)
- ✓ Relational databases (SQL, PostgreSQL)
- ✓ Front-end programming in HTML5, CSS3 & JavaScript (ES6)
- ✓ Product design (UX/UI, wireframe & mockups)

Achievements:

- ✓ **AirBnBike:** In a team of 4 we designed and implemented an Airbnb like Web App for renting bikes all around Europe!
- ✓ **We Plant:** With my team we created a whole new Web App for finding travelers, who do not want to travel alone, based on interest and budget!
- ✓ **Tunes Of Freedom:** After the bootcamp I started creating a ruby based music page linked to my youtube account's lists, where people could visit and listen or link their own lists.. This site is a great chance to keep Le Wagon's coding skills alive! The website is currently under construction :) (<https://tunesoffreedom.herokuapp.com/>)

PAST EXPERIENCE

● Café Bar Alavastron, Owner

DEC 2015- JUN 2020

I was responsible of the whole place, as well as working with and managing a group of sixteen-twenty people stuff. I was also working as a bartender and sometimes a DJ - VJ.

● Café Bar Alavastron, Manager

JUN 2011- JAN 2015

I handled different tasks as a manager of the coffee place like preparing orders, training staff, budget management and maintaining records. I was also working as a barista, bartender and DJ.

● Café Bar Alavastron, Barista, Bartender, DJ

JUN 2005 - DEC 2010

I learned the basics and started my work as a barista, bartender and DJ along with my studies.
